

Community Advisory Committee

WHAT?

We are seeking applications from MVSD customers and stakeholders to participate in a Community Advisory Committee (CAC). The CAC will provide input into the District's long-term plans to continue providing sewer collection and wastewater treatment services to its public.

WHO?

The CAC will work with District staff to provide input for capital improvement of aged infrastructure, review of policies, goals, performance, budget, strategic plans, rates, and preparation for the LAFCO Municipal Service Review. The CAC will hopefully be comprised of members from a variety of backgrounds and neighborhoods across the District and stakeholders who will attend, at a minimum, quarterly meetings. The District will select committee members to ensure adequate representation of the customer base and stakeholders. We know your time is important. Meetings will be held at times convenient to CAC members, have agendas and will be less than 2 hours. The CAC will be charged with making important recommendations to the MVSD Board of Directors concerning District activities.

WHY?

Your participation will help shape the District for the future.
